Please note that we are currently the Most personalized breeder in Bermuda of Maine Coons and Maine coon Persian mixes. These cats typically go for \$1,000.00 - \$5,000.00 due to their unique traits and amazing personalities. Pricing of each kitten is determined by the quality of the kitten's color and pattern. Pricing is not dependent on a kitten's gender or personality. Kitten prices also reflect parentage as some of my cats were more expensive than others.
